HIT & FUN

*She learned how much
fun it was to DEEP THROAT*

ALL COLOR

This was Marv's lucky
day: riding down the
street on his bike he ran
smack into a white

Mercedes Benz! It may
not sound like good fortune
but who should step out of the
driver's compartment
but the best looking
blonde he had ever set
eyes on.

Let Mama Kiss And Make Better!

Mark was bounding down the street on his ten-speed bike when suddenly he saw a flash of white. A Mercedes Benz had pulled over to the curb, hitting him as he pedaled along next to the sidewalk. There was a crash and Mark saw the sky as he flipped right up onto the hood of the automobile. Luckily the car must have been pulling to a stop, because he realized he hadn't broken any bones.

When he began to rise, looking up as someone came out from behind the wheel to help him, he saw an incredible vision. Maybe he'd been killed and this was heaven. The best look-

She was the best looking blonde he'd ever seen, and was wiggling over him, assisting him to his feet. He took a quick look at his mangled bike, then at the staved-in grille of the car, but the voluptuous gal quickly regained his attention. "Oh dear," she was saying, "are you all right?"

"T...I think I could stand to go inside with you," the guy said, thinking fast figuring that the house she'd pulled up to was her place.

Sure enough, the attractive little suburban house belonged to the woman.

The girl's lips parted, more from a sudden rush of passion than pure surprise. She seemed to realize that Marc was all right after the accident, unless something had happened to his prick to make it stick up like that. Her hand dropped to his crotch and one finger tentatively explored the bump caused by his cockhead.

She had her arm supportively about him as they hobbled inside. Her body was soft and exciting next to his, her perfume subtle and erotic. The next thing he knew they were seated on the couch in the living room.

She introduced herself as Terry, and he couldn't resist looking her up and down. She was clad in a sexy white outfit with a white silk scarf and matching high-heeled shoes.

As her thighs parted and her tight skirt rode up on her legs, he caught a glimpse of silky pink panties.

*Her ovalling lips slid back and forth
on his warm stick of cock-flesh.*

*His rod, already twitching
with excitement, stiffened
to a full-fledged hardon
and dented out the front of
his corduroy slacks!*

"SWALLOW IT, BITCH!"

*Looking into his eyes..she knew
she wanted his cock deep in her throat!*

*All he could think about was Terry's velvet tongue
as she latched up and down his hardened shaft.*

Holding his come filled balls, feeling the head of his cock between her breasts, staring down, she could already imagine how wonderful the taste of his fruit was going to be! Terry wanted him ...and badly.

His cock hardened to an unbelievable state in her mouth, and Terry's pussy was gushing and gushing under his tender ministrations with his fingers.

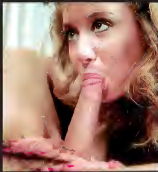

His huge cock aroused the girl, enflaming her desire, and she was twitching her shapely ass on the black leather seat of the big couch.

She took hold of Marv's blue-veined rod, and guided it to her mouth. She licked up one side and then the other. It looked great, and Terry was sure now that it had not been damaged in the smash-up.

Moreover, she was also certain that it was the most exciting slab of flesh that she had ever seen in her life.

Mam...Your face is dripping wet!

Terry sucked away on his dick. The blonde's lips had tightened over the pulsating shaft, and as her mouth covered his prick, her flicking tongue worked away on the sensitive underside. He could feel his balls lighten, as waves of excruciating pleasure washed over his loins.

His dick was tingling and a fulfilling warmth spread through his whole body.

His pants were soon down to his ankles and red plaid sport shirt was wide open.

His powerful hand guided her head from behind, and she had no choice but to gulp down his semen.

"O-b-b-b," Mary pretended to moan. "It still hurts. Stroke it [big] that."

Terry wasn't sure if he was joking, but she increased the stimulation on his big dick. Without having realized it she was leaning over closer and closer to the handsome cock. Her parted lips had fallen all the way open, and her tongue was moistening them. She tilted all the way over towards his leg as he sat back comfortably in the soft leather sofa.

Then her mouth made contact with the mushroom-shaped cap at the end of his stiff pole of cock-flesh, and soon her lips engulfed it.

Mary was not moving for real?

The girl was all over him, licking his dick from the underside, tickling his cockhead with her tongue and finally wolfing the whole thing down.

Marv was beside himself. He knew he could not hold his come much longer, and the next thing he knew, was a burst of semen was shooting out of the pisshole of his dick.

*Ahhhh!...it felt
so good
she thought to
herself..*

*She had him lying half-off the couch, as she dropped
the lacy pink top over the aqua-colored garter
belt and pressed her pussy to his mouth.*

Terry yearned in anticipation of his tongue on her mound!

Maru drew her head towards his loins once more. She made a muffled sound of protest, but soon her lips had spread over the head of this throbbing dick and another burst of goo had filled her mouth. She gulped, swallowed, and then a change came over her face. Excitement filled her body, making her breasts and pussy tingle.

She began sucking wildly on his rod, enjoying it, as squirt after squirt of his creamy liquid filled her mouth and trickled down her throat.

Terry loved Maru's gorgeous cock!

Holding his cock in her had and sucking face with Marv was starting the whole thing over!

Marv gazed down in wonder at the hot blooded blonde. She was actually licking his come off his cock and balls, lapping it up with pleasure! What a gal! He was glad as hell that he hadn't run his bike into someone else's car. This chick could run over him any time!

Nothing like hot pussy while you get your cock sucked.....thought Maru!

*"Time to do MAMA
now! So...Lap it
up Honey."*

"Lick me...Lick me.."Shouted Terry!

She slipped first one and then the other of the thin pink straps over the smooth white curves of her shoulders, and then, she dropped it to fall over the silky aqua material of the belt that cinched in her waist. Now her tits were naked, full and shapely, and bobbing excitedly high on her chest.

"Eating your dick was so much fun," she cooed, the pink nipples hard and erect on her fine breasts. "Won't you eat my pussy for me too?"

After Terry let his dick drop limply to his wet thigh, she rose and removed the jacket of her pretty white suit. The skirt quickly followed, along with her white panties, as Marv watched with great interest, she was soon down to a fancy aqua-hued garter belt with a lacy pink top that covered her breasts.

She writhed from the pleasure of the two humming vibrators stuffed up her pussy, and sucked his thick cock at the same time.

As her lips folded over the head of his dick, he began to feel his rod stiffen, and then he was feeding a hard pecker down her throat as he ate away at her hot, damp young cunt. They went at it like that till the girl stirred and then rose from the couch.

As Mare watched, she went to a drawer and fetched some items out. He could see they were white plastic vibrating dildoes, a large one and a smaller size. It did not take him long to find out how the blonde wanted these things used on her body, and as she lay on her back on the couch with her head propped up against the armrest, he got on his stomach to work the bigger vibrator right up her snatch.

*The Dildoes fit snugly...one up her cunt,
.....and the other tightly up her ass...!!!*

Terry loved Marv's hard cock deeply imbeded into her soft puffy!

Soon she had lowered the small dildo and begun to press it deeply into her snatch. Marv had already sunk the bigger one all the way in, and before long only the flat ends of the artificial cocks were visible. Terry was moaning, writhing in ecstasy, as the two plastic dildoes vibrated inside both her pussy and her tight ass.

And, then, she was rolling almost over onto one side. Marv had stretched his body out over hers, bracing his hands on the armrest above her head. Gazing down the length of his body, he carefully positioned the head of his nose-hardened cock against Terry's parted lips, and then lowered his shaft down her fast working mouth.

When their tongues met..it was like sparks flying....

*Terry's pussy was so tight,
and felt so fine to his cock!*

He lay back on the couch, thrilling to the feeling of his cock buried in her snatch, as she leaned back in the opposite direction to rest her head on the black leather armrest!

More positioned himself on the couch for a fuck. First he was seated with the girl on his lap, her legs draped on either side of him and his prick all the way up her pussy. Her back was to him, but as she twisted about he was able to snake his head around and kiss her bobbing breast. When he pulled his legs up onto the couch, then leaned back, she twisted all the way about to face him—pivoting on the stiff rod of his cock.

Marv could see the look of total satisfaction on Terry's face. She was happy and satisfied, but quickly she felt the need growing again. It seem to these new found lovers, that there was no end in the love making that they could do.

Terry loved his come splattering all over her belly!

She was nearly to the floor now, cushioning her head with her hands, as the guy straddled her body and powered his spear-like cock deep into the moist cavern of her pussy!

*He shot off all over the
place...spurt after spurt,
glob after glob, and Terry
reveled in this, loved it,
and wanted more!*

He fucked her between the tits, shooting his sticky jism into the cleavage and wetting the white flesh of her chest.
